

# Family Relationships Healing Workshop

## Hon-Dah Conference Center & Sunrise Park Lodge

### October 6-9, 2016

## You are Invited

If you are a family member of a Rainbow Treatment Center client, you are invited to our upcoming Family Workshop. This four-day family relationships healing intensive brings together a group of families and gently guides members towards new ways of thinking about themselves in the family, to open understanding and communication, and foster healthier ways of relating and interacting. The goal is to free the family from harmful cycles of communication and behaviors while increasing the likelihood of a better outcome for the client in treatment. Our intention is for family members to leave the workshop in a more curious and open state, with a commitment to shift away from impaired coping and toward health and harmony.

- ▶ This workshop will be facilitated by Kenneth Perlmutter, PhD, a licensed clinical psychologist and founder of the Family Recovery Institute. He offers family workshops to an ever-expanding network of treatment centers.
- ▶ In addition to the workshop, we will be providing healing games for children ages 6-12 Saturday morning and outdoor activities for families Saturday afternoon and a social dance Saturday evening.

**Who:** Parents, spouses, siblings, children, and grandparents of active RTC clients. Client must apply.

**Where:** Hon-Dah Conference Center, October 6-7  
Sunrise Park Lodge, October 7-9

**Register:** Register by September 23rd at the Eagle Building (306 Bengay Circle) or call 338-4853 for more information.
