

The FAMILY RECOVERY INSTITUTE presents a 3-Day Family Relationships Healing Workshop

Join a small group of families for a 3-day workshop in Corte Madera. Fri (eve) – Sun. December 9–11, 2016

HOME FOR THE HOLIDAYS: NOW WHAT?

Specifically designed for parents, siblings, partners, and children (12 and up) of a loved one who has Addiction, Depression, Trauma or Disordered Eating

Family members know the pain and challenges of having a loved one who needs or has needed intensive treatment. Feelings of powerlessness, betrayal, anxiety, sadness and chaos saturate the family system climate and corrode closeness.

Dr. Perlmutter facilitates this 3-day workshop to help family members assemble a healthy coping skills tool kit, practice clearer ways of communicating and work with other family members who know what it's like.

Dr. Kenneth Perlmutter, licensed psychologist, brings 27 years of experience working with complex psychological problems. In 2008 he founded The Family Recovery Institute to train clinicians and provide help to families employing his mode of Stress-Induced Impaired Coping™ Clinical Director for Mind Therapy Clinic in Marin and San Francisco, Credential Chair and Board Member for the Int'l Assn of Family Addiction Professionals (IAFAP), and former graduate faculty SF State and CSU East Bay. Workshops are co-facilitated with his wife of 32 years, Jacqueline, Spiritual Director and Addiction Specialist.

Reduce Family Distress and Chaos
Relieve Stuck Communication Patterns
Promote Wellness for All Members
Deepen Closeness and Rebuild Trust
Make “Home for the Holidays”
Safe and Sane for All

Tuition is \$475.00 per family for up to three members. Add \$50.00 for each additional member.
